

SHALLOW UNDER CABINET LIGHT

SERIES 111

PROJECT:
FIXTURE TYPE:
CATALOG NO.:
VOLTS:
BALLAST TYPE:
DATE:

APPLICATIONS: Low profile housing makes this the ideal fixture for those hard to fit areas. Streamline styling makes it simple to create long continuous lines of fluorescent lighting to fit any space. Applications include: furniture, under cabinets, shelving, show cases, displays, exhibits, coves, and much more.

SPECIFICATIONS:

CONSTRUCTION: Housing and ends are one continuous piece. Shallow body and ends are die formed from cold rolled code gauge steel. No visible hardware is seen.

DIFFUSER: Ribbed white acrylic is standard. Easily snaps in and out for relamping.

BALLAST: Standard fixtures are wired with electronic NPF ballast and T5 pre-heat lamps, for 120 volt hertz operation.

WIRING: Completely wired unit with on-off rocker switch, starter(s), and lamp(s) installed. Includes special 5/8" BX/ROMEX connector and wire nuts.

FINISH: All steel components parts are corrosion protected and coated. Baked white synthetic polyester finish for maximum durability.

MOUNTING: Abundant knockouts are provided in housing for surface installation.

CERTIFICATION: U.L. listed and I.B.E.W. Union made.
